PROFESSIONAL SUMMARY

Innovative Fullstack Developer and Cybersecurity Enthusiast with a strong foundation in frontend and backend technologies, UI/UX design, and security best practices. Experienced in developing responsive, dynamic web applications and implementing security measures to safeguard digital assets. Passionate about problem-solving, performance optimization, and secure software development.

TECHNICAL SKILLS

- **Frontend:** HTML, CSS, JavaScript, React.js, Tailwind CSS, Vite, SASS
- **Backend:** Node.js, Express.js, Python, Django
- **Database:** MySQL, MongoDB, Firebase, IndexedDB, Oracle
- **Cybersecurity:** Network Security, Web Security, Vulnerability Assessment, Secure Coding Practices
- **Version Control & Deployment:** Git, GitHub, CI/CD, Docker
- **Other Tools:** Cloudinary, Wordpress, Chrome AI APIs, RESTful APIs, Figma, Postman

PROFESSIONAL EXPERIENCE

Freelance Fullstack Developer(2024- Present)

- Designed and developed interactive, responsive web applications with a focus on performance and security.
- Implemented authentication and authorization systems for secure user access.
- Developed and hosted a Conference Ticket Generator using React+Vite, incorporating IndexedDB for state persistence, Cloudinary for avatar uploads, and accessible UI designs.
- Built an AI-Powered Text Processing Interface integrating Chrome AI APIs for summarization, translation, and language detection.

Social Media Manager & Virtual Assistant(2020 - Present)

- Managed digital content, optimized engagement, and enhanced brand visibility.
- Assisted in administrative tasks, scheduling, and correspondence management.
- Website management with WORDPRESS

PROJECTS

Conference Ticket Generator

- Developed a React+Vite-based application for conference ticket generation with real-time form validation, state persistence, and custom graphics.
- Implemented IndexedDB for offline data storage and animated UI transitions.

AI-Powered Text Processing Interface

- Created an advanced text processing tool integrating Chrome AI APIs.
- Designed an interactive, colorful 3D-styled UI with a focus on accessibility.

Personal Portfolio Website

- Built a responsive portfolio using HTML and CSS to showcase projects and skills.
- Integrated contact forms, project displays, and educational background sections.

EDUCATION

BSc in Criminology and Security Studies

Adekunle Ajasin University, Ondo State, Nigeria

Bsc Computer Science

University Of the People(On Going)

CERTIFICATIONS & TRAINING

- Froentend** -
- **CompTIA Network+** – Network security and troubleshooting
- **8-week Virtual Assistant Program** – Project management, self-presentation, and tech tools
- **Cybersecurity Fundamentals**– Web security best practices and threat mitigation
- **Full Stack Development** – at Codar Tec (On Going)
- Full Stack Development** – at (On Going)

SOFT SKILLS

- Problem-Solving & Analytical Thinking
- Attention to Detail
- Effective Communication
- Team Collaboration
- Time Management

INTERESTS

- Web Development & UI/UX Design
- Database System
- Cloud
- Ethical Hacking & Penetration Testing
- AI & Automation
- Open-Source Contributions
